LIVE ANIMAL EXPORT: INDEFENSIBLE.

PETITION

Calling for an

END TO LIVE ANIMAL EXPORT

to the Middle East

To the Honourable President and Members of the Senate in the Parliament assembled:

This petition of undersigned citizens of Australia calls on the Australian government to end the export of live animals from Australia to the Middle East.

Australia has laws - based on community expectation - to protect the welfare of animals. It is therefore ethically and morally unacceptable to export Australian animals long distances to countries where they will endure practices and treatment that would be unacceptable or illegal in Australia.

We the undersigned therefore call on the Australian government to end this trade and, in so doing, restore Australia's reputation as a compassionate and ethical nation.
